## **Student Leadership** CONFERENCE

The Annual IEEE-HKN Student Leadership Conference (SLC) is a timehonored tradition that brings together leaders and members from HKN chapters around the world. This three-day event features tracks for leadership training, faculty advisor programming, technical presentations, professional development, labs, workshops, and a career and graduate school fair. This is a unique opportunity for industry, technical societies, and graduate schools to interact with and present to the HKN student community of top undergraduate juniors and seniors and graduate students. We expect over 300 attendees from over 80 universities in the U.S. and around the world. The program is designed to give sponsors the ability to present, interact, recruit, interview, and engage in technical discussions and career conversations. The event also includes a Recruitment Fair. Check out the <u>video</u> from our last SLC.
